## Tuition Assistance

Need-based assistance is available for qualifying families through the Florida Tax Credit Scholarship program administered by Step Up For Students. The scholarship currently provides \$4,011.00 per student per year. To qualify, students must be entering K or 1st grade or transferring from a Florida public school, and the family must meet specific income guidelines. For those who do not qualify for the Florida Tax Scholarship, SRCS offers some need-based tuition assistance based on the recommendation of Confidential Financial Analysis. Online applications can be obtained via our website links for Step Up For Students and CFA on the Tuition Assistance page in Admissions.
