

February 5, 2009

Dear Warriors,

According to our Academic Advisor, Shennen Bowman, “the juniors are rockin’.” Connor Synder and Robbie Gollither were chosen as Boys State Representatives – they go to Tallahassee in July. Connor and three classmates – Alexa Massullo, Jenna Coogle, and Markindey Sineus were selected to go to the University of Florida’s Young Leadership Conference. Markindey was honored with the Most Outstanding Leader Award. Volleyballer Gabby Perrone is being heavily recruited by several schools. On one recent campus visit, Gabby was escorted into the coaches office to see a jersey with her name and number, and was offered a scholarship as the youngest recruit in that school’s history!

I am thrilled to announce our first ever football coach – Rayburn Greene from Smyrna, TN. Coach Greene and his family are planning to visit the week of March 23rd to begin their transition. Check out the press release attached with this email.

Tonight our boys basketball team plays Crystal River in their gym and with a win, they will notch our first ever 20-win regular season. At 19 – 4, they have already established a school record for wins in the regular season. Tomorrow night our girls play Hernando Christian in the district tournament, hosted by Meadowbrook in Ocala.

Look for a new feature in the coming weeks – “Notes from the Sideline.” This will be a regular email communication from the athletics department featuring top performers, highlighting games, and keeping us up to date on Warrior happenings.

We are distributing registration information for the next school year this week. It is important for families to enroll as soon as possible to assist us with planning for the next school year.

In addition to hosting an accreditation team from Christian Schools of Florida in a few weeks, SRCS has also received accreditation from the Southern Association of Colleges and Schools – one of the most recognized agencies in our industry! As part of accreditation, we will be asking families, faculty, and students to help us identify areas to consider for school improvement.

As we continue to celebrate our 20th anniversary, school and church leadership are looking to the future and asking how we can expand our impact in the community. Leadership believes it is time to restate our mission. Moving forward the mission of SRCS is to provide a Christ-centered college-preparatory program for our community. We are excited about our future.

On Monday afternoon, we have an addition to the Leadership Lecture Series. Dan Iverson, former Force Recon Marine and PCA church planter in Japan will be on our campus. Dan will speak to our juniors and seniors. He is a captivating speaker who has a compelling story to tell.

Grace and Peace,

Joel
